Dear Parents

Shri Gurubhyo Namaha!

As you are aware, PSBB's philosophy has always been to amalgamate academic and co-scholastic activities, while grounded in Indian culture and values. Since the lockdown, we have ensured that academic material has been reaching our students regularly. We are now keen to also make available, activities that would focus more on Life Skills and contribute towards holistic development as well.

Your children are already exposed to many of these self-help skills in their 'Activity Room' (in nursery) and 'Life Skill Classes' in the primary, while at school. We feel this 'Home Stay' period is an excellent time to reinforce these activities as well as learn many more basic skills under the guidance of the parents.

In this regard, we are extremely happy to present a variety of activities written out and collated by Ms. Anitha Nagaswamy, our very own PTA Secretary (T. Nagar & Nungambakkam).

PSBB would like to thank Ms. Anitha for her tremendous effort and initiative, which will undoubtedly be a great reference for parents in developing life-long skills in their children as well as strengthening the parent-child bond.

The school will be uploading 2 activities per day on the website. We request you to check the website daily and join hands with PSBB in its effort to help your children become caring, helpful and independent individuals, equipped with essential skills for life.

It takes a village to raise a child. Together, let us strengthen that village!

Happy & Healthy Skill-A- Way! 

Mrs. Sheela Rajendra
Dean and Director & Correspondent
PSBB Group of Schools
