

Visit to Freddy's Farm

Diya's day was filled with fun when her mother planned a surprise visit to the farm. 'Fun Friday at Freddy's Farm' was the title of the project presented by Pre KG children on 29th March 2019 in the AV room. The room arrangement and displays were a visual treat. The project helped the children learn about the farm animals, their young ones, homes and the different ways in which they are useful. The participants in the skit kept the audience spell bound and carried on the show with great confidence. The singers deserve a special mention. They sang songs in three languages.

Our Deputy Dean and Director, Mrs. Sheela Rajendra said that the project was very well conceived and implemented. She also added that it was truly joyful and experiential as well.
