

MIME TIME

Students draw the portrait of the artistes.

Students being welcomed with melodious music and drums.

Students joining the artistes in the play!

Sharing their thoughts with the artistes!

A selfie with the artistes!

Students of Std 2 of PSBB T.Nagar were greeted with melodious music, High fives, warm handshakes, Peek a boos and gentle drumming as they entered excitedly into the Museum Theatre on July 11th to witness Woggie Boogie, a mime show by the Brush Theatre, Korea. Amidst infectious giggles and shy smiles our students reciprocated easily to the Korean artistes who were charming and friendly.

Using a whiteboard and a marker pen, the artists first invited children to draw their portrait and this was displayed on the stage on the white screen that the performers used to come up with their humorous, imaginative story. A perfect tool to connect the audience to the stage!

The young audience joined the artists in their adventures in the sea. The hands on artistic show that involved beautiful drawings, doodling, shadow play, mime, facial expression, acting and timely use of technology evoked laughter, gasps, giggles, guffaws and admiration. The artists engaged the audience so well that it seemed as if they were the other performers in the play!

Students had a briefing session (on “Mime Show, The Little Festival and The Little Theatre) before the trip to help them understand the story better. The actual show transported students to the magical world painted by the artists.

A fun- filled follow up activity of the field trip at school served to make students recreate and cherish the best moments of their visit.
