

Visit to the Theatre

Students of Std III of PSBB T.Nagar were taken on a field trip to an interactive story telling and puppet show by the people of Taiwan titled “The old man story” at the Museum Theatre, Egmore.

The story captivated the children and the props were attractive. The salient feature was that a student of our branch suggested a different ending to the story, wanting the puppeteer, the old man, the dog and the girl to be friends. This when narrated, was enacted on the stage. The students were very excited about this.

The children came back with the message that one enriches life by caring for others.
