

Creativity Unmasked

The National Lockdown was imposed to curb the movement of people to flatten the spread of the deadly virus. However, this period did not 'lockdown' the creativity in young minds but proved to be an opportunity for young artists to express themselves. Priyanka of class 5, PSBB, Siruseri, took part in an art competition organized by the Greater Chennai Corporation. Our creative prodigy illustrated her thoughts on the need to keep safe by wearing a mask. Her colourful artwork has been selected by the organizers as the best for the day and was featured on their handles as stories. Three cheers to the young artist!!!
