

PSBB SENIOR SECONDARY SCHOOL, SIRUSERI
Swearing-in Ceremony of The Student Council

It is said that leadership is about vision and responsibility, not power. With that thought in mind, the students of PSBB school, Siruseri, gathered virtually on the 28th of June, 2021, for the inauguration of the student council.

The ceremony began with a prayer, and was followed by the introduction of the leaders for classes 6-12. The members of the student council were then introduced, starting with the School Pupil Leaders for the year 2021-22. As they took their oaths and became the official representatives of the student body, the new student council that would work towards a better future was born.

Once the School Pupil Leaders were sworn in, Mrs. Sheela Rajendra, the Dean, Director and Correspondent of the PSBB group of schools, addressed the leaders. She reminded us all that anyone willing to take initiative could be a leader, and that leadership is all about responsibility. She also reminded us that the entire school would hold the Student Pupil Leaders to their oaths, as each and every word held power and promise. She complimented the students on their endeavours the previous year, and expressed her hope for similarly wonderful events for the present year. The Dean also acknowledged the efforts of the students of the school's youngest branch PSBB Siruseri and complimented the programmes they had organised throughout the school year.

The Dean's speech was followed by a heartfelt vote of thanks, and the day came to a close as it had begun: with a prayer invoking the almighty. The investiture ceremony left the school with hope for a brighter, better tomorrow.

The Dean highlighting the significance of the oath taken.
