

PADMA SESHADRI BALA BHAVAN SENIOR SECONDARY SCHOOL, SIRUSERI

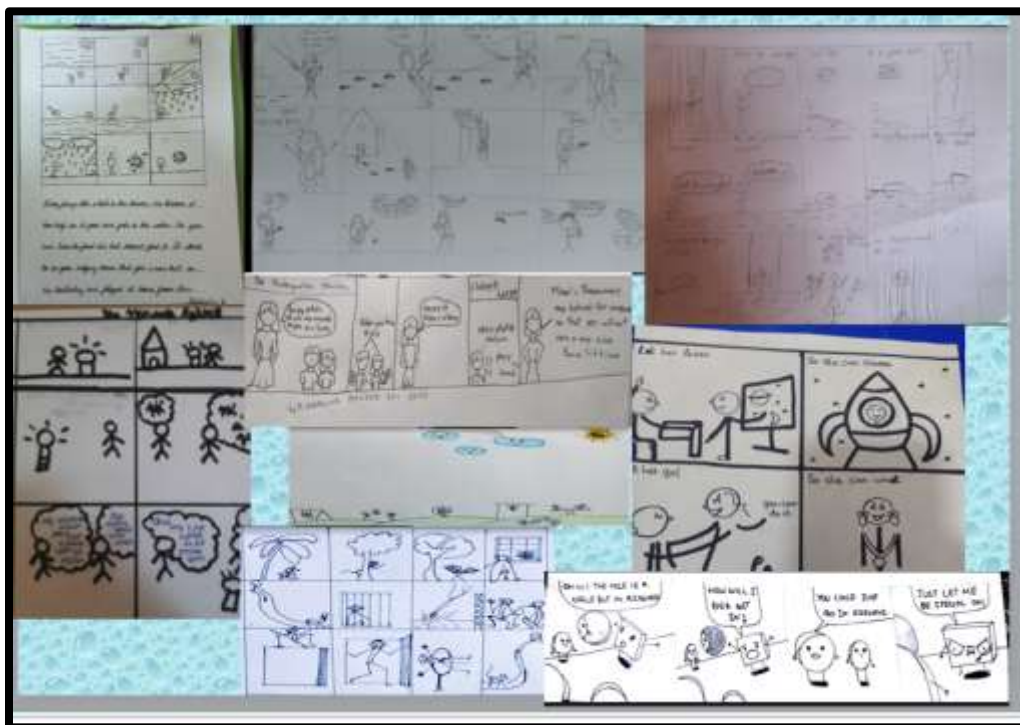

Strokes of Amusement

About sixty –seven budding artists from Std VI to VIII met virtually under the auspices of the Art club on 17th July 2021.

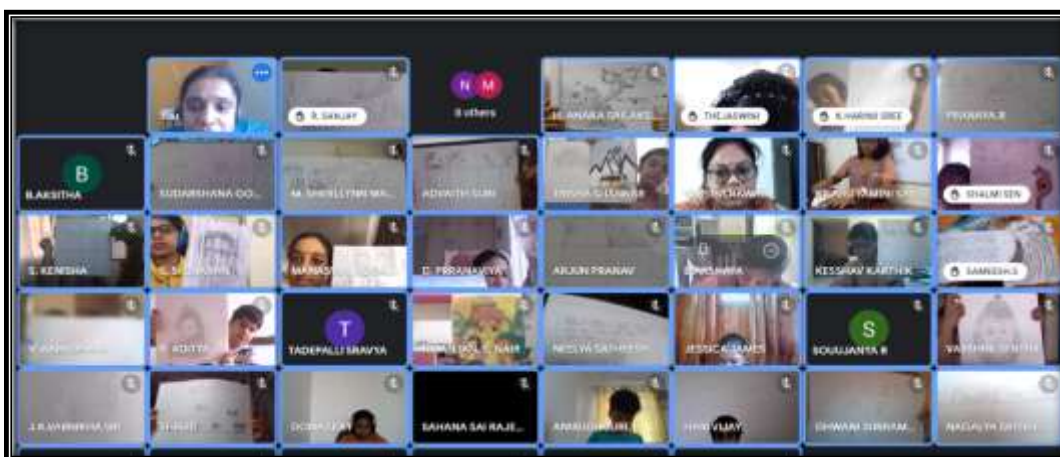

The session began with the invocation to God, followed by a presentation comprising various aspects of fine arts .That set the introductory frame .The teachers then shared the previous year’s artwork by the members. It was a virtual visit to an art gallery. We began with the basic lesson of learning to draw stick figures and proceeded to make comic strips. We created interesting stories with our imagination and simple drawings. We enjoyed making our own comic stories. We submitted our creative expressions through the Google form that was shared. It was a very interesting session and it enabled us perfect our artistic talents and learn new skills.

Looking forward for the next club activity.
