Off we go to Chennai, to Chennai

On the 6th of August 2021, we got an opportunity to attend the **INTACH** book reading workshop, where the two authors Ms.ArthyMuthanna Singh and Ms.Mamta Nainy read excerpts from their recently published book "**Off we go to Chennai, to Chennai**".

The event was attended by more than 200 students from all over Chennai. Using a fictitious story about a Tamilian family based out of Chennai the authors took us through the famous landmarks of Chennai. They read the story with a lot of emotions and they modulated their voice to bring the narration to life. There were two activities in which we students had to draw the famous "kolam" as well as draw and colour the border of a beautiful "Kanchipuram saree". We were also asked to draw a scene which had our favourite actor. Overall the event was entertaining and informative. With Madras Day round the corner we eagerly await the city's birthday celebrations.
