

A Confluence of Talents

The GA in the first week of Sep for Std VI was held virtually. It set the stage for the talented students to show case their versatility. A medley of events ranging from Photography ,fireless cooking to solving the Country`s flag on Rubik`s cube featured in the session .

A few students tried their hands on Newspaper craft and Making paper butterflies. Math games and puzzles kept some of them engaged while performing science experiments interested a few others.

On the whole ,the participation of all the students General Assembly exhibiting their creativity and talent made the weekly congregation a fulfilling one. Students grabbed this wonderful opportunity to revive and enhance their skills, hobbies and their potential.
