**"Vantharai vaazha vaikum". My city... My pride...
Namma Chennai... On 22nd August, 1639,
Francis Day and Andrew Cogan decided to buy a
strip of land. What seemed like a gamble, paid off
and three centuries and more later, their factory
site on an uninhabited sandy strip has grown to
become one of India's renowned metropolises
and the capital city of Tamilnadu, Chennai. From
colonial beginnings to becoming the gateway of
South India and the Queen of the Coromandel,
Chennai has come a long way**
